**Roberts Rules for Order:**

**Parliamentary procedure is a set of rules for conducting orderly meetings that accomplish goals fairly. Benefits of parliamentary procedure the following:**

- Justice and courtesy for all
- Maintenance of order
- Consideration of one item at a time
- All sides get heard
- Ability for each member to provide input
- Majority rule
- Protection of the rights of all members including the minority

**Basic Principles**

- A quorum must be present for business to be conducted
- All members have equal rights, privileges and obligations
- No person should speak until recognized by the chair
- Personal remark or side discussions during debate are out of order
- Only one question at a time may be considered, and only one person may have the floor at any one time.
- Members have the right to know what the pending question is and to have it restated before a vote is taken
- Full and free discussion of every main motion is a basic right

- A majority decides a question except when basic rights of members are involved or a rule provides otherwise.
- Silence gives consent. Those who do not vote allow the decision to be made by those who do vote.
- The Chair should always remain impartial.

**Becky Bastian** was voted in as Chair. All were in favor. **Stacey Shakespear** was voted in as Vice Chair all in favor.
